MEMORANDUM FOR THE RECORD

SUBJECT : Telecon with NSIA Official

25X1A

1. [] Member of the Executive Committee of the National Security Industrial Association, telephoned me today to ascertain the follow-up action required as a result of the NSIA meeting with Dr. Wheelon on 10 August 1965. After reviewing the discussion at that meeting, he acknowledged that the next step in the process called for NSIA to submit the names of prospective panel members (approximately 20-25 industrialists) which would be checked by the Office of Security for them to receive appropriate clearances. After the security clearances have been arranged, Dr. Wheelon will send a letter to NSIA providing guidance for NSIA to be of assistance. This would probably include a statement of the problem or problems requiring the attention of NSIA panel members. Indicate date and location of the meeting, and cover any other pertinent details to enable them to respond most effectively to the task at hand.
